

## 11. Greenfield Ecosolution Pvt Ltd – Greenfield Ecosolution

**Company Name:**Greenfield Ecosolution Pvt Ltd

**Brand Name:**Greenfield Ecosolution

**Incorporation Date:**18 July 2012

**Registered Address:**11/895 Chopasni Housing Board Nandanvan Jodhpur RJ 342008 IN

**Contact Number/Email Address:** [info@greenfieldeco.com](mailto:info@greenfieldeco.com)/ 9799984400

**Founders:**Meha Dinesh and Savita Sharma

**Focus Area:**Soil & Water Conservation

**Key Traction:**

- 3500 customers served
- 1000 farmers benefitted from services
- Collaboration with 30 FPOs/NGOs & 13 corporates

**About the Company:Greenfield Eco Solutions: Navigating Precise Depths for Sustainable Water Resources**

Meha Dinesh, Savita Sharma, and Dr. Kapil Dev Sharma joined forces to establish Greenfield Eco Solutions Pvt. Ltd. specializing in natural resource management. Their mission was clear: revolutionize water resource exploration with cutting-edge technology.

The problem they tackled was the challenge of locating reliable underground water sources. Conventional methods, like "water dowsing," often led to expensive and time-consuming dry wells. Greenfield Eco Solutions harnessed precision-driven, remote sensing-based, and AI-enabled hydrological analyses, delivering a staggering 90% accuracy in alluvial and 75% accuracy in hard rock terrains.

Their unique selling proposition includes pinpointing precise locations for potable groundwater sources in drought-prone areas, assessing solar pump site suitability for precision irrigation, and offering affordable technology for small farmers. Their work also reduces non-performing assets (NPA) for banks and financial institutions.
