About the Company:Nature Wall Biotech Pvt Ltd: conserving Soil and Water

Founded in 2019 in Durg, Chhattisgarh, Nature Wall Biotech Pvt Ltd, under the leadership of Yogesh Kumar Sonkar, has made significant strides in soil and water conservation. The startup specializes in eco-friendly agricultural inputs, with a unique formulation that enhances soil's water-holding capacity manifold. This granular formulation increases soil productivity and can retain water for at least 20 days after the first irrigation.

Their product, Ecocert certified, has been transformative for more than 10,000 farmers across three states and 180 districts. With a revenue of 500 lakhs in the fiscal year 2023-24 and a net profit of 15 lakhs in 2022-23, Nature Wall Biotech showcases the success of sustainable agriculture practices in India.
