About the Company:ManikstuAgro Pvt Ltd: Revolutionizing Goat Farming for Prosperity

Founded in 2015 by Jayanti Mahapatra in Pune, Maharashtra, ManikstuAgro is a game-changer in the field of animal husbandry and meat processing. With a vision to uplift the lives of marginal farmers in Kalahandi district, Odisha, the startup focuses on improving India's goat farming business.

ManikstuAgro boasts state-of-the-art goat rearing and breeding facilities. They collaborate with local goat keepers, providing them training on modern stall-feeding techniques, disease management, and offering improved breeds for higher meat and milk yield. The startup's primary objective is to double the income of goat farmers through various interventions, fostering growth and organization in the sector. Their unique business model for goat breeding is set to bring about a positive transformation in the lives of farmers, simultaneously elevating India's goat farming industry to new heights.
